Students must earn a minimum grade of C- in courses taken to fulfill the major requirements. Neuroscience majors must have a minimum of 5 courses that they count only towards the Neuroscience major and not also towards another a major or minor.

Students may use NRSC LPS courses to fulfill Neuroscience major requirements but may not be able to apply LPS credits from other departments towards the Neuroscience major. Students should check with a major advisor.

Students considering non-College courses (e.g. courses in Nursing, Healthcare Management, Legal Studies, Marketing, Fine Arts, etc.) should consult with an Advising Dean about their total credit requirements.

Any modification in the requirements (e.g. course substitutions) must be requested by the student no later than the first semester of their junior year.

*By signing this application, I attest that I have read, understand and take responsibility for fulfilling the requirements and rules of the Neuroscience Major.*
